SUMMARY

Final-year Computer Engineering student with a strong interest in software development and problem-solving. Familiar with Java, Python, Object-Oriented Programming (OOP), Spring Boot, React, and PostgreSQL through academic and personal projects. Enjoy building web applications, learning new technologies, and writing clean, maintainable code.

EDUCATION

2023 – Present	B.Tech in Computer Engineering, Pillai College of Engineering Navi Mumbai, Maharashtra	CGPA: 9.15
2021 – 2023	HSC (Science), Bharati Vidyapeeth Prashala and Jr. College Navi Mumbai, Maharashtra	77.33%

TECHNICAL SKILLS

Languages:	Java, Python, JavaScript, SQL
Frontend:	HTML, CSS, React.js, Next.js, Tailwind CSS
Backend & APIs:	Spring Boot, Flask, PostgreSQL, REST APIs, MongoDB
Tools:	Git, GitHub, VS Code, Jupyter, Postman, IntelliJ IDEA, Colab
Data:	NumPy, Pandas, Matplotlib, Seaborn
Cloud Concepts (Basic):	AWS

PROJECTS

CampusUtsav - Full-Stack College Event Management Platform <i>Technologies: Spring Boot, React, PostgreSQL</i>	campusutsav.vercel.app Nov 2025 – May 2026
--	--

- **Architected** a Java (OOP) centralized college event management platform, developing secure **backend services** and REST APIs with role-based authentication.
- **Engineered** registration and QR attendance workflows, backed by **SQL** databases for data integrity.
- **Developed** responsive React frontend interfaces using protected routing and reusable UI components.
- Managed layered backend architecture with DTO mapping and implemented system logic to deliver organizer analytics.
- **Integrated** automated email and in-app notifications to provide users with updates on event registrations and approvals.

Alegria The Festival Of Joy - Official Website <i>Technologies: Next.js, Tailwind CSS, PostgreSQL</i>	alegria.co.in Nov 2025 – Feb 2026
---	--

- **Collaborated with cross-functional teams** to develop and maintain the official college festival website using Full-Stack technologies.
- Implemented responsive UI components and coordinated real-time event content updates during peak traffic.

ACHIEVEMENTS & POSITIONS OF RESPONSIBILITY

- **Technical Head, HackCelestial 3.0:** Core team member for a 24-hour national-level hackathon with 500+ registrations and 115+ finalist teams, coordinating event execution and leading the judging process.
- **2nd Runner Up, Coder of the Year (2025–26):** Achieved Rank 1 in the final round of a college-wide programming series, showcasing strong Data Structures and Algorithms (DSA) proficiency.
- **Technical Team Member, Alegria:** Contributed to technical coordination and website management.
- **Technical Speaker:** Delivered a workshop on Web Application Development using Python (Flask), translating complex concepts into accessible analogies.

SOFT SKILLS

- Leadership, Problem-Solving, Team Collaboration, Communication, Adaptability
